Trx Auto Grow (TAG)

Is an **Earning While Advertising Private Members Club** of online marketers who value quality of quantity. Members purchase ad packs in order to post their products and services to countless members in our club. With each purchase members are awarded ad credits as well as an earnings position on our compensation grid.

What makes us special is the mere fact every member who joins us is committed to helping others get started growing their network by referring a minimum of 5 new prospects to our club with it's very low entry fee of only \$1 usd. This permanently locks the new prospect to the sponsor and ensures the sponsor will earn not just from the packages they buy for themselves but every package that the new prospect is awarded for **FREE** or by personal purchase. The sponsor earns a progressive referral bonus that increases with each level of upgrade, recycle, or reentry from higher level. This provides more constant earning on a more frequent basis then just cycling a position.

Our 3x1 Company Forced Straight Line compensation plan makes for fast cycling and a fun-filled online adventure for all. With each purchase you will receive 3 kinds of Ad credits:

● Login Ads

● Banner Ads

● Text Ads

The Optimal Game Plan
